Executive Summary

Detailed program status reports are posted to the Arkansas Geographic Information Office website once every month. The State Land Information Board and other major stake-holders are on an email distribution list that will contain a quick summary of the program status and a link to the detailed report on the website. For additional information, visit the County Assessors Mapping Program (CAMP) website at:

http://www.gis.state.ar.us/AGIO/CAMP/status.htm

Below is a list of County Assessors Mapping Program (CAMP) milestones:
- Received Soil Survey Geographic (SSURGO) data for 13 counties. The SSURGO data was linked to ACD soil types for 10 of those 13. The following counties have SSURGO data linked with ACD soil types: Craighead, Crittenden, Cross, Lee, Mississippi, Perry, Phillips, Poinsett, Pulaski, St. Francis, and Clay.
- 62 counties have indicated they intend to join the CAMP program
- 60 of these Counties have returned a signed Memorandum Of Understanding (MOU) confirming their spot in the program.

Upcoming Events and Tasks

Here is an overview of some of the upcoming events for the CAMP program:
- AGIO has an outline drafted for State Cadastral Standards
- AGIO has requested points files from the Counties currently underway to check the linkage between the CAMA database and the points file.
- Attending the County Assessor summer meeting held in Hot Springs, AR
- AGIO and AACD plan on meeting with CAMA providers to discuss standardization of CAMA database.
- The following Counties are tentatively scheduled for training on June 23-25: Clark, Fulton, Johnson, Marion, Oachita, Prairie, Saline, Scott, Van Buren, and Woodruff.
- We are currently looking at pilot counties to set up a direct connection between the ArcGIS points layer and the Windows based CAMA system.

The following is a list of meetings that have taken place over the last month:
- The following counties went through training on April 23-25: Arkansas, Bradley Clay, Jackson, Montgomery, Newton, St. Francis, and Yell.
- Attended the Intelligent Land Records Management conference put on by ESRI in Hot Springs, AR.

Status Overview

We have gotten 50 counties trained and started, with another group of counties coming in for training in June the number of counties started in Phase I will soon be 60. A breakdown as to where each county stands is provided below. At the County Assessor summer retreat we will be meeting with CAMA providers to identify a county that will be the pilot for creating a 'live' link between the ArcGIS points file and the CAMA database. We are also in the final stages of creating a rough draft of the State Cadastral Mapping Standard.
